2:30 pm – 2:45 pm
Coffee break

2:45 pm – 4:15 pm
Hands-on immediate in upper molar immediate placement delayed load – the use of anatomical healing abutments

4:15 pm
Hands-on review and Q&A

ON THE DAY

More about the course

This intensive one-day immediate implant course covers immediate implant placement in the aesthetics zone, premolars, molars and in conjunction with sinus work. Delegates will look at different types of delayed loading and the techniques to achieve successful results. They will observe live demonstrations and practicals on animals' heads to enhance their skills. Delegates will get the opportunity to use the latest generation of Alloplastic products with an integrated membrane to achieve predictable results. By the end of this course, participants will have a comprehensive understanding of immediate implant placement and loading techniques, enhanced practical skills, and knowledge of advanced materials, leading to improved patient outcomes and practice efficiency.

ABOUT THE SPEAKERS

Dr Kianusch Yazdani

I am an experienced clinician with a distinguished career spanning over 25 years. I first qualified in 1995, when I received my license to practice dentistry at the University of Münster. I hold a doctorate in dental medicine.

More about Kianusch

Since 2006, Dr Yazdani has run his own interdisciplinary practice in Münster, specializing in implantology, endodontics, aesthetic dentistry, and complex fixed restorations.

He is a founding member of several professional working groups within the Westphalia-Lippe Chamber of Dentists and served as chairman of the Study Group for Restorative Dentistry from 2020 to 2022.

An internationally respected speaker and author, he brings a wealth of practical and academic expertise to his teaching.

ABOUT THE SPEAKERS

Dr Dominic O’Hooley

I qualified from Liverpool University in 1993 and after working in hospital dentistry, I have been committed to private dentistry for over two decades.

- MFDS RCPS (Glasg) ●
- MAGDS RCS (Ed) ●

Placing and restoring dental implants for many years, Dominic is extremely experienced at bone grafting, sinus lifting and aesthetically challenging cases. Dominic enjoys pushing the boundaries and has been deeply involved in exploring the potential of the Southern Inverta implant paradigm. In addition to Inverta, he uses Southern site-specific implants as the core of his implant practice, often in synergy with alloplastic grafting with EthOss and novel bone manipulation techniques.

He lectures worldwide and writes extensively in the dental press, becoming someone who has been second to none in exploring forensic detail at dental regulation.

COURSE COST: €395
