

THE REGENERATING BEYOND BOUNDARIES SYMPOSIUM

24 – 25 October 2025
Warsaw, Poland

SHAPE THE FUTURE:
BE PART OF THE SYNTHETIC SHIFT

ethOss[®] Grow
Stronger[®]

IMPLACORE

A NOTE FROM DR. PETER FAIRBAIRN

CLINICAL DIRECTOR, ETHOSS REGENERATION

I am delighted to welcome you to the Regenerating Beyond Boundaries Symposium in beautiful Warsaw.

Over the last decade, we've seen regeneration evolve from theory into reliable clinical reality – but our work is far from finished. This symposium isn't just about sharing techniques; it's about challenging ourselves to think differently, to push further, and to ask what's next.

We have gathered some of the most innovative clinicians and thinkers in bone and tissue regeneration, each of whom is committed to advancing minimally invasive, patient-focused implantology. Whether you're new to EthOss or a long-standing user, I know you'll take away fresh insight and inspiration.

Most importantly, this is a space for collaboration. I encourage you to share your questions, experiences, and ideas – with our speakers, with each other, and with the EthOss team.

Let's keep regenerating.
Let's keep pushing boundaries.

Dr. Peter JM Fairbairn

"This symposium isn't just about sharing techniques; it's about challenging ourselves to think differently"

OUR SPEAKERS

PROF. DR. PETER JM FAIRBAIRN

Globally renowned implantologist and pioneer in alloplastic bone regeneration. With over 20 years' experience, he has placed more than 15,000 implants and lectured in over 50 countries. A published author and key opinion leader, he champions the use of fully resorbable grafts to unlock true bone regeneration and minimally invasive techniques.

PROF. DR. DAVID NGEOW

Prof. Dr Ngeow is a lecturer at the University of Malaya and a leading figure in oral and maxillofacial surgery. A double Fellow of the Royal Colleges, he has published over 200 papers and spoken at 180+ events. Listed in Stanford's Top 2% Scientists (2022, 2024), his latest focus is on bone grafts and synthetic substitutes.

OUR SPEAKERS

DR. VICTORIA SAMPSON

Dr. Victoria Sampson is a London-based dentist recognised globally for her pioneering work in salivary diagnostics, microbiome testing, and AI-driven dental care. She serves as a scientific advisor and board member for multiple global companies. In 2022, she became the first dentist shortlisted for Forbes 30 Under 30 in Science and Healthcare for her contributions to modern dentistry.

DR. STUART KILNER

Dr. Stuart Kilner graduated from the University of Manchester and holds a Master's in Advanced Implantology from the University of Barcelona. He specialises in full-arch and immediate implant therapies, blending function and aesthetics. As Head of Education at EdgeX, he lectures internationally and leads the S.T.E.P. programme, empowering clinicians through practical, skills-focused learning and the EdgeX video series.

OUR SPEAKERS

DR. KAROL BADEJA

Dr. Karol Badeja is a General Dentist with a Fellowship, Diplomat, and Expert status from the ICOI, an MSc in Oral Implantology (Frankfurt), and is preparing for the Polish Implantology Skill Exam. With over 4,000 implants placed, he has vast experience in socket grafting, sinus lifts, buccal defects, full-arch cases, periodontal surgery, tenting, cysts, and apicectomies.

DR. JAKUB BATYCKI

Dr. Jakub Batycki graduated from the Medical University of Wroclaw in 2009 and moved to the UK to provide NHS and private care. He holds advanced qualifications in oral and maxillofacial surgery, periodontology, and implant dentistry, including a master's degree. With a special interest in surgery, prosthodontics, and implants, he is committed to clinical excellence and education.

OUR SPEAKERS

PROF. DR. ARMIN NEDJAT

Prof. Dr. Armin Nedjat has placed over 30,000 implants and pioneered key advancements in dental technology, including Champions Implants and the minimally invasive MIMI procedure. Awarded "Best Innovation in Medicine" in Dubai (2013), MIMI has transformed implantology by shortening treatment times and enhancing patient comfort. His work continues to shape the future of modern, patient-focused dentistry.

DR. PAOLO SAVADORI

Dr. Paolo Salvadori is a research fellow in oral diseases and dentistry at the University of Milan. He teaches comprehensive dental care, orthodontics, and periodontology, and contributes to pioneering research in bone regeneration and microbiology—including work on 3D-printed composite scaffolds for mandibular defects.

OUR PODCASTER

DR. MICHAEL TANG

Dr Michael Tang is an international speaker, KOL, and Clinical Teacher in dental implantology with a focus on aesthetics and “teeth in a day.” He holds a Master’s in Implantology, trained in Boston, and was mentored by leading clinicians from Harvard, Tufts, and Cambridge. He co-founded the Scottish Dental Academy and was shortlisted for Best Young Dentist.

SCHEDULE | DAY 1

24 OCTOBER 2025 | SESSION 1

8:45

Registration

9:15

Welcoming Ceremony
Dr. Peter Fairbairn

9:30

Augmentation vs Regeneration: Built to Last
Dr. Stuart Kilner

11:00

Morning Coffee Breakout Session:
"Beyond The Podium - Technique Spotlights"
Short, interactive mini-demos from Xperts

11:30

The Oral Microbiome:
A Functional Approach to Dentistry
Dr. Victoria Sampson

12:30

Lunch

SCHEDULE | DAY 1

24 OCTOBER 2025 | SESSION 2

13:30

Bone Graft Without a Membrane: A Leap of Faith
Prof Dr. David Ngeow

14:30

Afternoon Coffee Breakout Session:
"Beyond The Podium - Technique Spotlights"
Short, interactive mini-demos from Xperts

15:00

Volume Through the Lens of Osteoimmunology
Dr. Jakub Batycki

16:00

Weaving New Bone: Biological Principles and
Histological Outcomes of Biomaterial Regeneration
Dr. Paolo Savadori

17:00

End of Day 1

19:00

10-Year Anniversary Gala Dinner
and Polish Afterparty

SCHEDULE | DAY 2

25 OCTOBER 2025 | SESSION 1

SCHEDULE | DAY 2

25 OCTOBER 2025 | SESSION 2

9:00

Networking

9:30

A Practical Look at Bone Regeneration:
8 Years of Case Studies
Dr. Karol Badeja

10:30

Morning Coffee Breakout Session:
"Beyond The Podium - Technique Spotlights"
Short, interactive mini-demos from Xperts

11:00

Beyond Boundaries: "The Push in Technique" -
How Managing Zero Primary Stability with EthOss
Led to Improved Clinical Outcomes
Prof. Dr. Peter Fairbairn

12:30

Lunch

13:30

The Internal Direct Sinus Lift (IDS) and Horizontal
Regeneration with Novel Synthetics
Prof. Dr. Armin Nedjat

14:30

Panel Discussion
Ask the Xperts

15:30

Afternoon Coffee Breakout Session:
"Beyond The Podium - Technique Spotlights"
Short, interactive mini-demos from Xperts

16:00

Live Podcast: Reflecting on a Decade of Success
**Dr. Michael Tang exclusive interview with
founder of EthOss, Prof. Dr Peter Fairbairn**

17:00

Networking

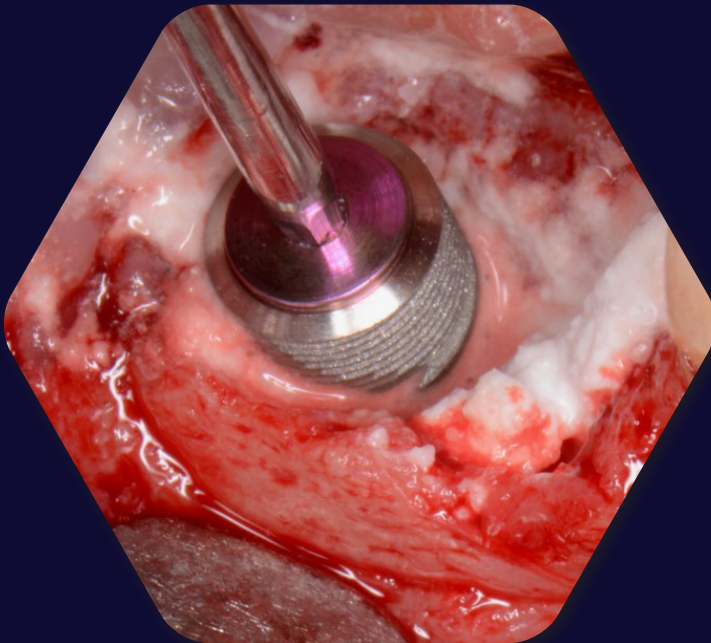

BEYOND THE PODIUM

TECHNIQUE SPOTLIGHTS

Join our Xperts throughout the symposium as they showcase short, interactive mini-demos of standout techniques

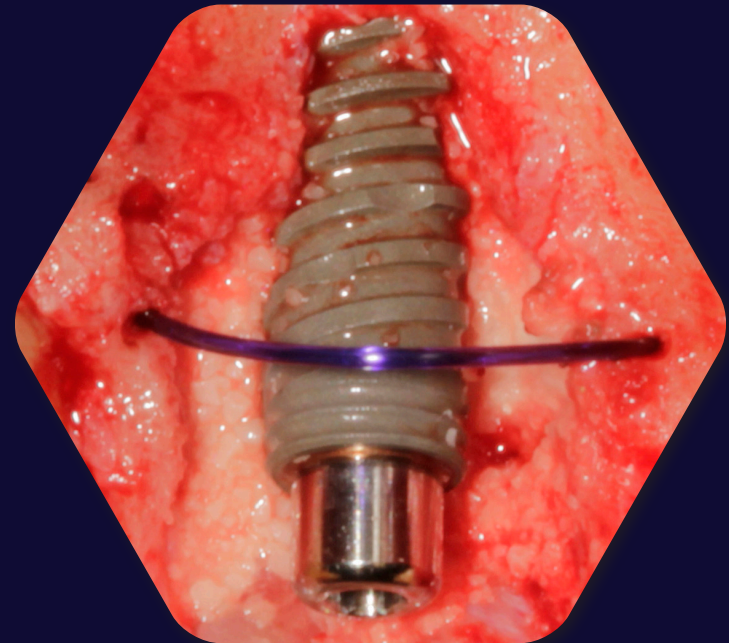

PUSH-IN TECHNIQUE

A novel technique redefining the placement of implants with zero primary stability, delegates will have the opportunity to enjoy a hands-on demonstration from Prof. Dr. Peter Fairbairn

TENTING TECHNIQUE

Discover how to create and maintain space for optimal bone regeneration. The demo will explore using resorbable PDS sutures to create a “dome-device” which can help increase graft stability

MORE SPOTLIGHTS TO BE ANNOUNCED!

ONE IN THE CHAIR AND TWO WAITING

Hosted by Stuart Campbell and Michael Tang.

Witty, insightful, and unfiltered – One in the Chair and Two Waiting is the dental podcast where no topic is off-limits.

Hosted by dynamic duo Stuart Campbell and Michael Tang, this popular show brings together real conversations from the world of dentistry, with expert guests, clinical reflections, and plenty of humour.

Whether you're in the surgery or on the commute, it's the podcast that keeps dental professionals thinking, laughing, and learning.

LIVE AT THE SYMPOSIUM

"Reflecting on a Decade of Success" – A Special Podcast Episode

Join Michael for a live recording of One in the Chair and Two Waiting as he sits down with regenerative pioneer, Prof. Dr. Peter Fairbairn.

Together, they'll reflect on the journey of EthOss over the past 10 years – the clinical breakthroughs, global growth, and game-changing innovations that have shaped modern regeneration. Expect candid stories, expert insights, and a celebration of how far synthetic solutions have come.

10 YEAR ANNIVERSARY GALA DINNER AND POLISH AFTERPARTY

A DECADE OF INNOVATION. A NIGHT OF CELEBRATION.

Join us as we mark a major milestone – 10 years of EthOss Regeneration – with a black-tie gala dinner like no other. Set in the stunning Renaissance Warsaw Hotel, this evening is all about connection, reflection, and celebration.

Enjoy:

A welcome champagne reception

A 3-course gala dinner

Reflections and stories from the EthOss journey

Live music

Let's raise a glass to the past 10 years – and to the future we're shaping together.

Venue: Renaissance Warsaw Hotel

Time: Friday 24 October, 19:00–00:00

Dress Code: Black tie preferred, elegant eveningwear encouraged

VENUE

Renaissance Warsaw Hotel

Żwirki i Wigury 1H, 00-906 Warszawa, Poland

+48 22 164 70 00

GETTING HERE

Nearest Airport: Warsaw Chopin Airport

Walking Time: 2–3 minutes to terminal A

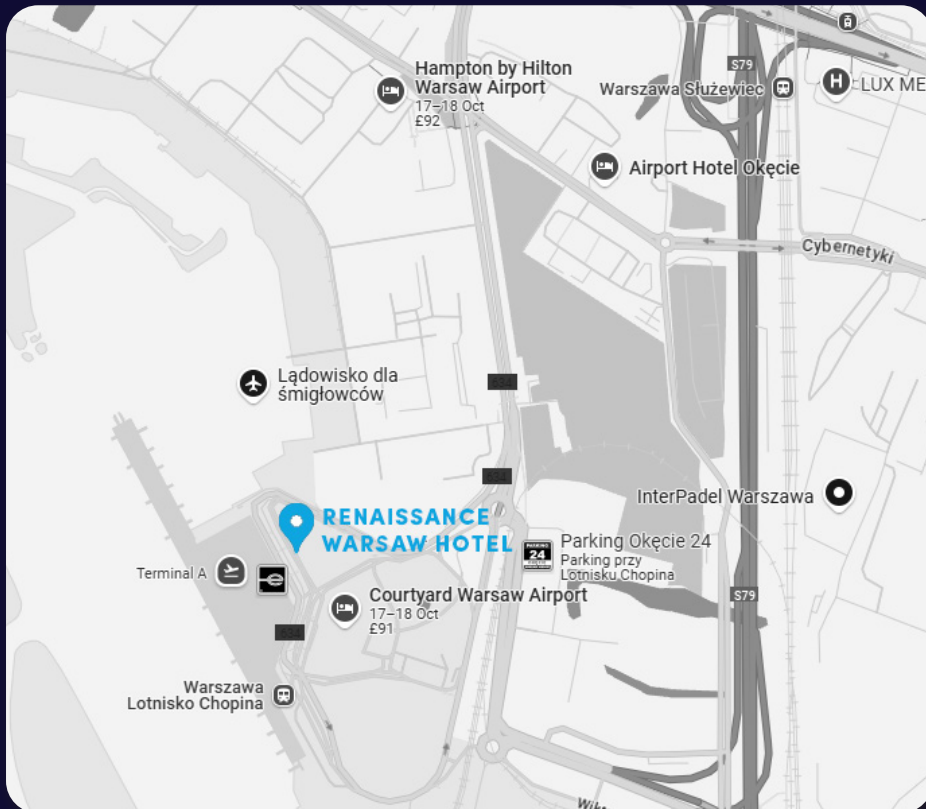

Rail Station: Warszawa Lotnisko Chopina

Hotels Nearby:

Courtyard by Marriott Warsaw Airport

Airport Hotel Okęcie

Vienna House by Wyndham Mokotow

THE SHIFT HAS BEGUN...

More clinicians than ever before are rethinking tradition. Synthetic grafting is no longer the alternative – it's the way forward.

The 'Regenerating Beyond Boundaries' symposium is where the leaders, researchers, and forward-thinking clinicians of the synthetic bone regeneration era converge.

This is your opportunity to not only learn from the best but to become an integral part of the community shaping the future of our field.

Engage in discussions, share insights, and forge connections with peers who are equally passionate about pushing the boundaries of regenerative dentistry. This is more than a conference; it's a collaborative journey to elevate patient care through synthetic innovation.

Become a leader in the synthetic shift.
Secure your spot now.

Click the ticket on the next page to secure your spot →

Each participant will receive 1 box of complimentary EthOss® Bone Graft, which includes three 0.5cc syringes.

Early Bird delegate rate (until 31/08/2025):

**BUY YOUR
TICKET NOW**

Please note you will be redirected to a registration form. After completion a member of the Im placore team will be in touch to arrange payment.
