

SINUS GRAFTING COURSE

08/06/2024

COURSE PROSPECTUS

Dr Ainsworth & Dr O'Hooley

ON THE DAY

8:30 am – 09:00 am

Arrive at the venue

09:00 am – 10:30 am

Lecture: "Introduction to Alloplastic graft materials and Sinus Regeneration procedures" and case review of buccal defects, socket grafts, periodontal grafting, sinus lifts and full arch reconstruction.

10:30 am – 10:45 am

Coffee break

10:45 am – 11:30 am

Theory on Internal Sinus cases and different techniques used – review cases.

11:30 am – 12:15pm

Theory on external Sinus cases and different techniques used – review cases.

12:15 pm – 1:00 pm

Lunch Break

1:00 pm – 2:30 pm

Internal lift with animal jaws.

2:30 pm – 2:45 pm

Coffee Break

2:45 pm – 4:15 pm

Crestal lift on jaw models

4:15 pm

Hands-on Review and Q&A

ON THE DAY

More about the course

The course is constructed to give participants the techniques and practical experience needed to successfully address challenges in the Sinus, looking at several cases and techniques. This will include what equipment and instrumentation are required for sinus lifts, looking at internal and external procedure variations.

With live demonstrations and practicals in sinus augmentation on Pig heads and specially designed Sinus Jaw models. This comprehensive training will look at all stages of sinus lift procedures, exploring the basics of sinus augmentation and techniques to augmentation, techniques to achieve optimal results and how to overcome complications. Participants will have the opportunity to use the latest generation of Alloplastic products with an integrated membrane to achieve predictable results.

ABOUT THE SPEAKERS

Dr Michael Ainsworth

I have been placing implants for over twelve years and have had the benefit of working with and being mentored by some of the leaders in the field of cosmetic dentistry and Implantology.

More about Mike

Mike graduated from Birmingham University in 2002 and has been in private practice since that time. He became very interested in complex and cosmetic dentistry immediately, attending many courses and conferences both at home and abroad. Mike was very lucky to be exposed to complex restorative dentistry immediately after qualifying.

Mike has completed a large number of cosmetic restorative and implant cases over the years using the latest techniques and methods and he has an extensive portfolio of cases. He recently presented at the Royal College of Physicians in London.

ABOUT THE SPEAKERS

Dr Dominic O'Hooley

I qualified from Liverpool University in 1993 and after working in hospital dentistry, I have been committed to private dentistry for over two decades.

More about Dom

- FCGDent (UK), BDS
- MFDS RCS (Eng)
- MFDS RCPS (Glasg)
- MAGDS RCS (Ed)

Placing and restoring dental implants for many years, Dominic is extremely experienced at bone grafting, sinus lifting and aesthetically challenging cases. Dominic enjoys pushing the boundaries and has been deeply involved in exploring the potential of the Southern Inverta implant paradigm. In addition to Inverta, he uses Southern site-specific implants as the core of his implant practice, often in synergy with alloplastic grafting with EthOss and novel bone manipulation techniques. He lectures worldwide and writes extensively in the dental press, becoming someone who has been second to none in exploring forensic detail at dental regulation.
